

**Pre-Drive Lesson
(off street)
Getting to Know Your Vehicle
and Its Reference Points**

Pre-Drive/Off Street

Title: Pre-Drive Lesson (Off Street)

Prerequisites:

1. Student is in the TSE course and has permit.
2. Classroom:
Module 1 includes vehicle entry; vehicle operating space; prestart; front, rear, and side referencing; "blind spots" (see glossary).
3. Simulation:
"Starting Right" program.

Skills to be Practiced:

- Vehicle familiarization.
- Preentry and inspection.
- Entry and prestart procedures.
- Front and rear visual referencing.
- Side visual referencing.
- Locating and operating gauges, controls, and switches.
- Mirror adjustments.
- Discovering blind spots.
- Vehicle maintenance checks.

NOTE: The student will be introduced to the vehicle used in the BTW lessons before actually driving. Use the Lesson 1 checklist to help the student become accustomed to the family vehicle in the same way.
